

-“SPIT OUT FROM HELL I ONCE CAME HERE”-

Unique, aggressive and at the same time feminine vocals combined with technically high ambitious songwriting produce an explosive mixture that is simply kicking ass – not only on record but especially live!

Power paired with 100% stage presence creates a toxic essence which generates an ominous seething in front of every stage that puts all metal heads under its spell. The audience as the crucial ingredient of this synthesis creates a supernatural reaction, which fuses the parting line between band and audience.

-“NOW IT’S TIME TO STAND UP, NOW IT’S TIME TO SPEAK UP”-

The high recognition value of Dying Gorgeous Lies is unconcealable: in September 2013 MASSACRE RECORDS signed the quintet and released their second studio album “First World Breakdown” on February 20th, 2015.

The constant presence on the nationwide stages and in the media draws increasing attention from bookers and organizers. As a consequence DGL was booked as support for various renowned bands, e.g. EQUILIBRIUM, OVER KILL or ARCH ENEMY and was signed by Alpha Omega Management. The band just finished their first Western European Tour.
